

Equal Opportunities for All - the value of adult learning in promoting equality.

December 3 – 4, 2007, Riga, Latvia

Riga welcomes adult educators from all over Europe!

Conference venue

Is the University of Latvia <http://www.lu.lv/eng/> which is situated in the heart of the historic centre of Riga.

Riga is the largest city in the Baltics, with a population of 800,000. Increasingly confident Rigans are again applying the city's pre-war label: *the Paris of the Baltics*. Riga is probably the most cosmopolitan Baltic capital, but this is not necessarily new to Riga, which has been a multi-cultural city throughout its 800-year history. At one time or another, Germans, Jews and Russians have all left their mark on Riga.
